

## Pupil Premium Report

---

2019 - 2020

**Pupil Premium Allocation for 2019-20 = £71,240**

### Pupil premium spending academic year 2019-2020

SUMMARY INFORMATION			
Date of most recent pupil premium review:	January 2020	Date of next pupil premium review:	September 2020
Total number of pupils:	210	Total pupil premium budget:	£71,240
Number of pupils eligible for pupil premium:	69	Amount of pupil premium received per child:	£1320

## Context of the School

### School SEF 2019

Chantry Community Primary is a one-form entry school in Bexhill-on-Sea on the south coast. The school is slightly smaller than the national average with 209 (September 2019) pupils on roll, currently 49% of pupils are girls. The Free Schools Meals (FSM) percentage is 14%, (in line with the national average), with 30% of children currently Ever6. 6% of children are from ethnic minorities, this is below the national average with only 1% of pupils whose first language is not English.

Numbers on the SEND register supported on a statement or at school action plus is 11%. 1 pupil currently has an EHC Plan, (0.5%), below the national average. Mobility is low at 7%. Pupils feed into Chantry from a range of pre-school settings and there are established links to support this transition. Children arrive into EYFS with a wide range of skills and abilities. National averages for attendance are unavailable this year due to COVID 19 school closures.

95% of pupils are white British families (July 2019) where socio-economic circumstances are below the national average. The deprivation indicator is 0.26, which is slightly above the national average of 0.24. There are poor levels of higher education amongst parents resulting in low aspirations for their children. Our families are largely employed in low-paid sectors e.g. care work and retail and have very little disposable income, hence our fluctuating FSM numbers.

## Objectives of Pupil Premium Spending

Our key objective in using the Pupil Premium Grant is to raise the attainment of disadvantaged pupils and narrowing the gap between pupil groups. As a school we have a good track record of ensuring that pupils make good progress, but historically levels of attainment are lower for FSM (eligible for free school meals) – this is also a national trend. Our challenge in 2019/20 was to close the progress gap for our Pupil Premium children at KS2. This year's data shows Pupil Premium children performing lower than other children across the benchmark data, except at KS2 Reading where they outperformed non Pupil Premium children.

Through targeted interventions we are working to eliminate barriers to learning and progress. Many children start school with low attainment on entry and poor speaking and listening skills as well as poor speech and language – we have seen a decline in ability over the last three years. Our aim is to ensure that they make accelerated progress in order to reach age related expectations and above as they move through the school.

## STRATEGY STATEMENT

- What has worked well:
  - Speechlink & Language link at beginning of Reception
  - Mental Health & Emotional Wellbeing (EMHW) team managed by SENCo – Playtherapy, Lunch Club, Additional Nurture Teacher, Thrive (next year Nurture) support,
  - 1:1 Tutoring for KS2 including breakfast
  - Home learning resources including Purple Maths, Timestables Rockstars and Spellzone
  - Family Support Worker
  - Reading Recovery Teaching Assistant
  - Cultural Capital - Culture Shift and subsidising Arts activities e.g. Hastings Musical Festival, Hastings Contemporary visits
  - Subsidising visits/residential trips to ensure equality of access
- What has not worked well:
  - Spending grant monies on generic items such as Star Maths and Accelerated Reader
  - Funky foods club – low uptake
  - Remarkable Me – due to COVID, moved to online and parents did not engage
- The core approaches that are currently implemented successfully are the one to one tutoring for our KS2 pupils in both English and Maths, early use of Speechlink and Language link for EYFS, family support worker and in school EMHW team, along with additional staff for one to one support and reading recovery.
- The overall aims of pupil premium strategy:
  - Raise progress and attainment for disadvantaged children in writing and maths in KS2
  - Increase % of disadvantaged children who meet national standards in RWM to 80%
  - KPI 7 – Supporting children's mental and emotional health
  - KPI 8 – Reducing Fixed Term Exclusions

## Teacher Assessment Information 2019-2020
